WELCOME WORDS

Dear Friends and Colleagues:

On behalf of the Organizing Committee it is a great honour to invite you to the Masterclass International Breast Symposium@Moscow. Due to the ongoing Covid situation, the professional meeting will be held online in English and simultaneously translated into the Russian language. The topics appeal to general surgeons, plastic- and reconstructive surgeons, breast surgeons, medical -and radiooncologists, gynecologists etc. by presenting the state of art of breast cancer surgery and reconstruction.

With great pleasure the IBS@Moscow will be organized for the first time as part of the Spring Oncology Online Marathon Meeting, fulfilling the honourable invitation of the Association of Oncologists of Russia.

The organisers of the Masterclass are proud that not only well-known members of the core team of the International Breast Meeting Düsseldorf could be recruited for this wonderful scientific meeting, but also national speakers who have firstclass experience in the field of oncoplastic breast cancer surgery and reconstructive plastic surgery.

The aim of this international meeting is further to expand the perspectives of borderless clinical science and practice in the field of up to date breast cancer surgery in the multidisciplinary context, by bridging countries and continents to be able to offer a better breast cancer care for every patients.

The program is focused on state of the art aspects and questions like oncological safety, aesthetic outcomes, rate of morbidity and quality of life of modern mastectomies and oncoplastic breast conserving surgeries, followed by the most appropriate techniques of implant based and autologous reconstructions.

Its not just a phrase that active particaiton of the audience by questions and comments are highly appreciated and awaited, but more a strong belief of us, that beyond the scientific expectations only a friendly atmosphere with direct discussions is able to strengthen collegiality and fridenship and so a very succesfully meeting.

With the support of the hosting committe and the outstanding faculty we are looking forward to welcome you on the 5th of March at 12.00 CET / 14:00 MSK.
